

Candidate Assessment Suite

Hogan's Candidate Assessment Suite is the most robust talent acquisition solution in the industry, packaging rigorous science in the simplest user experience.

Hire Candidates Faster

Screen hundreds of applicants at once to find your best candidates in seconds.

Hire Scientifically

Make informed hiring decisions based on the most valid personality assessment science in the industry.

Hire the Best Performer

Identify ideal candidates based on millions of measured workplace performance data points.

Not only does the Candidate Assessment Suite crunch data to identify the candidates most aligned with your needs, but it also simplifies your job:

- ▶ Quickly create new projects for new hiring roles on your own.
- ▶ Tailor the project to what matters most for the role and organization.
- ▶ Send assessments to your entire candidate pool at once.
- ▶ Sort, filter, and screen candidates quickly and easily on multiple layers of data.
- ▶ Get a deeper understanding of a candidate's predicted performance.
- ▶ Use on any mobile device for convenient, on-the-spot assessment.

Tailor each hiring project to a specific assessment, thanks to millions of workplace data points that cover most jobs in the modern economy. For each candidate, you'll receive the following:

- ▶ A description of the candidate's work style
- ▶ An overall job family score with interpretive text
- ▶ Job family competency scores
- ▶ Personality insights based on Hogan scales
- ▶ Additional competency options
- ▶ Recommendations for behavioral interview questions
